

The Domain of Camboyer
A haven of tranquility in the heart of Occitania

THE DOMAIN

The Domain of Camboyer is a place steeped in history, nestled in a lush green setting.

Built at the end of the 17th century within a vast wooded park of over 8 hectares, the main building has been, for over 300 years, the home of the de Reynes family, whose coat of arms is present on the fireplace of the reception lounge.

This exceptional place is located in Lauragais, less than 40 minutes from Toulouse and Carcassonne.

Completely renovated while retaining the charm of the old, the Domain offers high-end and eco-responsible services, suitable for both families and professional clients.

This project was supported by ADEME
thanks to Destination France.

Project co-financed by the European Regional Development Fund.

OUR APPROACH

We adhere to a Slow Tourism approach: an alternative tourism that is more environmentally friendly. We strive to highlight the richness of our region and have a positive impact locally. We take concrete actions to reduce our carbon footprint and preserve biodiversity.

Our actions :

Investing in clean energy

Pellet stoves, biomass

Conserving natural resources

Water-saving faucets, rainwater harvesting for animals and irrigation, LED bulbs.

Encouraging low-emission transportation

Electric vehicle charging stations, bike rental, green pricing for carpooling*

Maintaining the site in a virtuous manner & protecting biodiversity

Ecological cleaning products, reed bed sewage treatment system,
Horses for pasture maintenance and natural fertilizer for the vegetable garden,
LPO refuge with installation of nest boxes and hedgehog shelters, botanical trails.

Offering responsible and inclusive food

Short supply chains and seasonal products, vegetarian and vegan options,
On-site chickens for fresh eggs, beehives for local honey, bulk & sustainable containers.

Limiting waste & promoting reuse

Selective sorting, reuse of construction materials,
On-site shredding of green waste and mulching of soils,
Second-hand furniture & used books in our libraries.

*The domain also implements a green pricing to encourage carpooling:

— If there are 3 people per car upon arrival at the domain, receive a 5% discount.

— If there are 4 people, the discount increases to 10%.
